SUBJECT: **SUNSET REVIEW FOR THE LOS ANGELES COUNTY COMMISSION
ON AGING**

RECOMMENDATION

The Audit Committee recommend to the Board of Supervisors (Board) that the Los Angeles County Commission on Aging's (LACCOA) sunset date be extended to June 30, 2002.

BACKGROUND

LACCOA was established and has been continued by Board orders dated July 12, 1949 and June 13, 1995. The Board approved sunset review date for the Commission was June 30, 1999.

LACCOA's mission is to preserve and promote the health and general welfare of older persons living in Los Angeles County. The Commission's duties are to:

- a. Advise the Board and the various County departments providing services to the aged.
- b. Encourage and assist local communities and groups in Los Angeles County to plan for and develop services for older persons.
- c. Provide a general education program designed to create self-sufficiency among older adults.
- d. Increase the understanding of the problems, needs, and contributions of such persons by the community as a whole.
- e. Perform such other duties as may from time to time be prescribed.

The Commission consists of 45 members, eight nominated by each Supervisor, and each Supervisor or his/her designee. Members receive no compensation for attending Commission meetings.

JUSTIFICATION

The Commission keeps informed of relevant issues facing older adults in Los Angeles County; such as preventive health and mental health, health care reform, entitlements and benefits (Medicare/Medi-Cal), nursing home reform, in-home care, and long-term care.

During this review period, LACCOA produced and distributed a video, "A Brighter Tomorrow For Today's Seniors", highlighting services available to the County's older adults. The Commission raised \$32,000 in funds to cover the entire cost of production, including securing a celebrity, Angie Dickinson, to appear in the video. In addition, the Commission recommended that the Board and the Department of Public Social Services (DPSS) research State funding available to help pay low-income senior's Medicare premiums. In response, DPSS formed a toll-free hotline to accept applications from seniors to forward to the State. Finally, the Commission formed the Aging Speaker's Bureau to increase access to services and educate seniors and caregivers about services and opportunities for older adults in Los Angeles County.

LACCOA continues to promote the health and general welfare of the aged through sponsoring various annual events. For example, the Commission will continue to sponsor Older Americans Recognition Day which honors approximately 100 outstanding older County residents, who have been selected by various County municipalities for their continuing contributions to their communities. In addition, the Commission and the Department of Veterans Affairs will sponsor the first annual Intergenerational Health Fair to be held this summer. Free health screening will be available at the Health Fair.
